Team Objectives:

**Set Up & Organisation:**

- Practice 13 of our Xavi based coaching theme 'Creating Space' is an Advanced lead practice, which combines units in a 4231 formation against a 433. In a 30 by 30 yard area, we have 6 attacking players v 5 defending players with a supporting central defender (6) and striker (9) acting as floaters to combine on 2 touch for the building team

**Progressions & Constraints:**

- (C) full backs and wide players limited to channels
- (C) constrain full backs from passing to each other, as well as wide midfielders, forcing teams to build with midfield players and our striker
- (P) Only allowing players to finish with a 3<sup>rd</sup> man run
- (P) Add vertical channels, conditioning the practice so 2 players must be in each vertical zone

**Key Coaching Points:**

- **Tactical** | Recognise how to move the opposition to break lines
- **Technical** | Control and weight of pass to speed up at the right times
- **Social** | Collective understanding of tactical concepts in possession, movement for other players to exploit

**Individual Player Challenges / Questions**

- Fullbacks can be challenged to find gaps to penetrate
- Central midfielders need to find space off teammates movements effectively
- Wingers timing forward runs to finish on one touch
